**Ramblin' Wreck Parade**  
Sponsored by Ramblin' Reck Club

The Ramblin' Wreck Parade first originated with the Old Ford Race in 1929 and 1930. The Old Ford Race ran from Atlanta to Athens, a 70-mile sprint that marked one of the few times Tech students hurried into Athens.

The Wreck Parade is held the Saturday morning of Homecoming and is the last event before the homecoming football game. The Ramblin' Reck leads the parade that begins at McCamish Pavilion and ends at the intersection of Ferst and Fowler. The Wreck Parade originally consisted of two vehicle categories: Fixed Bodies and Classic Cars. Contraptions have to be human powered and is by far the most interesting and favorite among students. It challenges their engineering ability and tests their creativity.
